DE VALK  
YACHT BROKERS

## KOMMENTARE DES MAKLERS

Are you and your company looking for a very special office on the water? This office ship named "Antoon Van Dijck" was built in 1965 in the Dutch town of Heusden and was formerly used as a ferry on inland waterways, currently the ship no longer has engines. Then she was used as a restaurant ship and currently as a floating office.

*Jochem Heijermans*
