KOMMENTARE DES MAKLERS

Heads up! This unique (1 of 18) and exceptional sailboat is a project with high potential and rich history. Custom built in 1986, she has already complete three circumnavigations with her previous owner. This large yacht, both sturdy and powerful, is distinguished by its ability to be sailed solo with great comfort, ease, and safety across all the seas and oceans of the world. Laying on dry at the moment, waiting for a new owner who appreciate her value and provide her with the care she deserves.
