## BROKER'S COMMENTS

The Ovni 345 by Alubat is a rugged, aluminum-built cruiser renowned for its durability and versatility. Ideal for long-distance and shallow-water cruising, its retractable centerboard allows access to remote anchorages and the ability to dry out safely. Designed for adventurous sailors, it offers solid sailing performance, especially downwind and a stable, comfortable ride. The practical interior is well-suited for liveaboard cruising, with excellent craftsmanship and ventilation. A true exploration vessel!

*Cristián Figari Jullian*
