## VAN DE MAKELAAR

This very reliable North Wind 50 has a very solid hull construction and a safe and comfortable layout. She has been added a stainless steel construction aft, for the tender, 2 solar panels and a wind generator. The large salon area leads through the galley towards the large in-suite master aft cabin. Forward you will find 2 guest cabins and a 2nd bathroom. The rigging and sails were renewed some years ago, and new navigation equipment has been added recently. She just did a 600NM passage before the season 2023. A beautiful, smooth yet tough sailing yacht that lies great in even rough seas.
